

Solutions For Your Business

**“Security systems reduce crime...
Businesses **without** alarm systems are
4.5 times more likely to be burglarized
than those that have an alarm system.”**

Source: Commercial Security: Burglary Patterns and Security Measures, Metrica, Inc.

**Security | Video | Access Control | 24-Hour Dispatch
Systems | Internet | Media**

**“I was very impressed, not only with the
promptness of service, but their patience and
the **quality of their service...**”**

**“...deals rarely are as good as they sound.
Genext is as good as it sounds...”**

Satisfied Genext Customer

Tomorrow's Ideas, Today!™

Deter Crime And Protect Assets

Assets are at risk 24 hours a day. Fire and intrusion alarm systems work around the clock to protect property, employees and customers.

Fire and intrusion alarms can:

- Provide security and protection
- Deter break-ins
- Help reduce theft losses
- Provide early warnings of dangerous smoke and fire conditions

Security That's Always There

Professional central station monitoring ensures quick response around the clock should a problem occur.

Our central station meets strict standards for staff training, equipment reliability, and back-up systems. It is:

- A network of four fully-staffed dispatch centers
- Listed with Underwriters Laboratories & Factory Mutual
- Able to access real-time reports with Genext NextPass
- View alarm data such as open and close reports, premise status, zone and schedule information
- E-mail reports or paste sections into any word processing program

Solutions For All Your Security Needs

From Burglary & Fire Detection to Environmental and Process Monitoring, there is a Genext Solution for every business.

Through partnerships with leading manufacturers and local lenders, Genext is offering monthly lease and equipment rental options that will help you realize a faster return on your investment.

Ask a Genext Representative about our free 15 Minute Loss Evaluation and learn how a Genext Security System can help you to secure staff and property.

Think You Have Nothing To Steal ... Think Again

Every 15 seconds, a burglary occurs somewhere in the United States. In 2001, the FBI reported over 2 billion burglaries.

The average **burglary "take"** is exceeding **\$3,500** while the average loss from **robbery** is more than **twice as high**.

Forcible entry has been involved in approximately **64%** of all burglaries.

According to recent statistics, an estimated **nine out of ten businesses will be burglarized** in the next ten years.

Alarm systems continue to be an effective way to **prevent burglary and break-ins**.

Manage More Effectively

Genext offers practical and economical solutions—whether you need coverage for a single building or many, we can help you determine the right system for you.

Genext delivers maximum functionality and benefits that greatly exceed the dollars invested in security and access control.
